ENVIRONMENTAL POLICY STATEMENT

Rokill Limited is committed to reducing the environmental impact of all work undertaken by the company.

Environmental considerations form a key part of our **product approval process** and we work with our suppliers to look for ways in which to minimise our environmental impact.

We are committed to the disposal of all pest control related waste via “**product stewardship schemes**”. Our objective is to carry out work in a sensitive and careful manner to avoid any unnecessary environmental impact. We are committed to reducing waste production and re-use or recycle wherever possible.

We are committed to the **continual improvement** of our environmental performance. We have committed to reducing our Carbon Footprint by 2.5% year on year and this is independently verified by Planet Mark.

Rokill operate an environmental management system **compliant with the ISO 14001 standard, externally audited**. We set environmental objectives to drive improvements and these are regularly reviewed.

All applicable legislation and regulations are adhered to at all times and it is company policy to keep up to date with and implement the requirements of all new environmental legislation.

The Directors and senior management team are responsible both individually and collectively for communicating to all employees the environmental needs of the company and for enacting the environmental policy of the company.

Signed

Alec McQuin
